February 1, 2019

ESP International Acquires Texas Seal Supply Co, Inc (Texas Seal)

ESP International (www.espint.com), a global company, serving OEM off-highway equipment markets, announced the acquisition of Texas Seal Supply Co of Arlington, TX as of February 1, 2019. Texas Seal (www.texasseal.com) is a seal distribution company that serves the Industrial OEM, Aerospace and Oil & Gas markets that has provided quality seal products and services in the Texas, Oklahoma, and Louisiana region for over 40 years. Texas Seal is strategically located off the George Bush Highway in Arlington, TX and is well positioned to assist our existing Texas location service customers throughout the Southern United States. With these two organizations ESP has the opportunity to look at how best to leverage their resources to better serve customers.

With a strong reputation for service and commitment to customer satisfaction, Texas Seal has been a major supplier of seal products and related services. Texas Seal shares ESP International's core values of Expertise, Service and Passion and offers a similar level of top-notch customer support. The combination of the two companies creates a customer service and technical support capability that is unmatched in the market. Texas Seal and ESP International are well suited to provide "best in class" solutions for all markets' critical seal needs.

"The Texas Seal team is passionate about the same thing we are and united by a common culture— a drive to deliver superior service," stated Jeff Hamilton, CEO of ESP International.

ESP International is an Employee Owned company based in Cedar Rapids, Iowa that has served the industrial OEM markets for 50 years. ESP excels in providing leading edge customer support through its in-house application engineering, component design, seal expertise, tube fabrication, contract assembly, logistics and VMI services. With branches in Davenport, IA, Dallas, TX, Shenzhen, China and Chennai, India, ESP is committed to providing total support to its customer's global service needs. (www.espint.com)
